

# **Multi-County Candidates: Goodlettsville, Portland, Millersville & White House**

All candidates for local public office shall file an appointment of political treasurer with each county election commission where their election is held. This means if the local office you are seeking is in two counties, then an appointment of political treasurer should be filed in each of the counties where you are appearing on the ballot.

Original copies should be filed with the election commission office of the county where the city hall is located.

**This same information applies to the filing of campaign financial disclosures.** Please remit a copy of your financial forms to any counties you will be on the ballot for outside of Sumner County.

Any questions, please contact our office or the BECF at 615-741-7959.
